The Research Ethics Committees and Institutional Animal Care and Use Committees listed below have been accredited by Uganda National Council for Science and Technology (UNCST). This accreditation allows them to function as RECs for the protection of the rights and welfare of research participants in Uganda. Accreditation of RECs is in respect to Section 4.0 of the National Guidelines for Research Involving Humans as Research Participants published by UNCST in July 2025, and Section 3.0 of the National Guidelines for Use of Animals in Research and Teaching 2021 which requires all RECs operating in Uganda to be accredited by UNCST. The Accreditation is valid for three (3) years from (date); and is subject to the RECs/IACUCs' continuing compliance with all applicable national standards and guidelines for RECs/ IACUCs in Uganda, and to any additional stipulations or guidelines that may be provided by the UNCST. This list will be reviewed updated regularly as and when more RECs/IACUCs in Uganda get accredited.
